Testing Search Indexing Robots

Adobe Acrobat Document File

This page is testing whether search indexing robots follow URL links to Adobe Acrobat .pdf files, and whether the indexer recognizes text in these files.

If you search for the unique keyword below and find this page, the search engine robot follows these links and indexes this text.

Search Code: RTest, RTestGood, RTestGood155

There are also searchable codes in the document properties (156). Search for that unique code to see if those elements are indexed as well.

For more information, see <http://www.searchtools.com/test/>.
